Hi Christine.

Its been a while since we talked. I have been traveling and am out of office at meeting today but we could get together on the phone. Send me an email telling me when you have few minutes and a phone number and I will call you. Thanks.

Director, Environmental Fate and Effects Divison
OPP, EPA

Subject: OR CZARA and Herbicides

Don, I received the memo you sent to me transmitting OPP comments on our review of Oregon's CZARA Program regarding application of herbicides on forest lands in the coastal area. Would like to talk with you about your comments. I called and left a message in your office, but it was a generic voicemail. Am hoping we can connect soon. I'm in the office today and will be in the office next week. Thanks.
